Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can give his customer free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

GREAT SALE

MEN'S SUITS!

We are going to do the biggest Clothing business this season of any like period in the history of our house. Experience has taught us that the best, most carefully ready to wear garments retailed at the lowest possible prices offer the only means to accomplish this end. Our dealings are confined exclusively to America's best wholesale tailors. Under no circumstances do we give store space to cheap trash. The very special values we offer for this season are a good demonstration of our business policy. Each and every garment will be found strictly up to date. Absolutely the latest style in the market.

OUR PRICES ALWAYS THE LOWEST!

At \$5 we sell well made good wearing suits, strictly all wool.
At \$7.50 stylish up-to-date suits made from choice fabrics in all the latest effects in colorings.
At \$10 and \$12 we sell suits that are designed to meet the requirements of the most fastidious dressers.

Our \$15 suits are the embodiment of style, elegance and refinement in wearing apparel. They equal in every particular the product of the average merchant tailor at \$35 or \$40.

Our Fashioning Goods Department is replete with the latest novelties in Hats, Shirts, Collars, Neckwear, &c.

SHOES! Ah, well, look in our windows. You will see none like them in the state. We buy and sell none but the best that the manufacturers of the finest footwear in the country make.

Colonel Low Becker was here yesterday arranging to open the new summer theater at the Fairgrounds. In addition to a splendid vaudeville company it is proposed to construct a couple of howling alleys and to erect a shooting gallery. So there promises to be plenty of amusement for our citizens during the coming summer evenings.

Shortly after he arose this morning Mr. George Schwartz was seized with a fainting spell and for a short time his condition caused his family much alarm. Medical aid was quickly summoned and he was soon resting easily. He had been complaining of slight ailments since Sunday, but with needed rest he will soon be all right.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. B. Anderson of Roseville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by J. Jas. Wood, Druggist.

WARISMS

Commodore Dewey is now in possession of Manila.

Commodore Dewey, if you want anything you don't see, please ask for it.

Yesterday's news from the American tars in the far East was so good that one could almost taste it.

Latest reports confirm the crushing defeat of the Spanish armada in the Philippines. The British Consul at Manila says the Spanish fleet was annihilated, while only one American vessel was injured.

The blowing Dons can now contemplate what the "pig-eating Yankees" would have done to them if Commodore Dewey had had a few first-class battleships in his fleet instead of the indifferent vessels that were in his squadron.

Now that Commodore Dewey has annihilated the Spanish fleet in the Philippines, THE LEADER suggests that its friends the haughty and blowing Dons can get revenge by sending over the remainder of their Navy and tackling Admiral Sampson's Yankee bullwhackers at Havana. Come over, boys, and bring your wooden overcoats.

THE LEADER's splendid telegraphic service on second and third pages covers the whole field of news up to 4 o'clock this morning.

Telegrams received up to 10 o'clock today will be posted in front of the office for the benefit of our friends the public.

Meanwhile, if you want news and not sedation, now is the time to subscribe—25 cents a month.

The funeral of Miss Mary Kate Henderson will take place this afternoon at 2 o'clock from the Plymouth Baptist Church, with services by the Rev. O. A. Nelson. Interment in the Mayville Cemetery.

I have been a sufferer from chronic diarrhoea ever since the war, and have used all kinds of medicines for it. At last I found one remedy that has been a success as a cure, and that is Chamberlain's Colic, Cholera and Diarrhoea Remedy—P. E. GIBBS, Gears Mills, La. For sale by J. Jas. Wood, Druggist.

The reception last evening tendered to the Rev. and Mrs. J. S. Sims by the ladies of the M. E. Church, South, was the most delightful affair. It was the twentieth anniversary of Mr. and Mrs. Sims, and from 7 to 9 they were greeted with hearty handshakes and sincere good wishes. At the conclusion elegant refreshments were served in the parlors of the Church. During the day a number of useful presents had been sent to the home of the happy couple.

Laura Johnson loses \$600, with an insurance of \$300.

We All Know

There is a popular belief that eyes cannot be properly fitted outside of an oculist's office, but we are constantly proving the incorrectness of that belief. If you have a dull pain about the eyeball, or if, when reading, the letters seem to run together, call and be relieved. We charge nothing for examination, and guarantee satisfaction in every case.

"The best way to get rid of a bad law is to enforce it."—General Grant.

In these war times it's a pretty safe plan not to believe anything you hear, and not to swear by anything you read in sensational newspapers.

THE LEDGER and The Courier-Journal were the only Kentucky newspapers that contained an account of the bombardment of Matanzas the morning after it occurred. If you must to head the procession you must ride in the bandwagon.

At a recent horticultural show in London an orchidoglossum orchid was exhibited and valued at \$5,000. It is the only known specimen of its kind. An orchid of the phalaenopsis species was shown and a value placed on it of \$2,500. Now, if some enterprising Spaniard could only find an orchid of the blowthistlewaterthunder species he could sell it for enough to pay his way into a bull fight.

FORTUNATELY the Government has ample resources at present for carrying on war, otherwise the Nation might be dragged into the ignominy of dishonest currency through the treachery of Populists and Silverites. In the Treasury there are \$230,000,000 or \$120,000,000 above the so-called gold reserve. The Revenue Bill, says the Times-Star, will put \$100,000,000 more into the Treasury. The silver influence in the Senate has already shown its hand in the proposed issue of a popular war loan, by declaring that it will vote against any measure that does not favor the debased metal. It is proposed to have the new bonds payable in "coin," as are all the present bonds of the United States. If either a gold or a silver man takes advantage of the exigencies of the situation to coerce the Government into a partisan move he should be publicly branded as a traitor.

It is a time when America must keep her credit with the other Nations of the world unimpaired. Yet there are men in the United States Senate bold enough in their apocalyptic lust for silver to threaten to block all bond issues until the silver billion owned by the Government, called the seigniorage, is coined into silver dollars. Fierce were these Silverites to plunge us into war, and now that war is a fact they have the audacity to show that their efforts for humanity and National honor were simply to procure for them a weapon to be wielded in the interests of silver mine owners. The men who oppose the coming bond issue for such purposes are the Nation's worst enemies. The traitors are now brought into the open and public opinion has been aroused. Let those silver traitors and obstructionists remember the fate of the copperheads of the rebellion.

THE BUYERS' GUIDE

THE TRUTH

Itself is not believed from one who often has deceived!

Is an old saying true and true. "Honesty is the best policy," and is bound to win against any combination. "Truth is mighty and will prevail" is a proverb old and true. These proverbs are brought most forcibly to our mind when we realize how rapidly our acquaintance with the good people of Mason county has ripened into friendship, a friendship which we believe will be lasting, for we shall continue to do business upon our matchless plan—"Buy 'em right, at 10 per cent, and sell 'em quick."

Remember, we have never deceived you. We have never offered you a 75c. chair for 40c. and then sold you a \$10 bedroom suite for \$19. Remember that we have no baits, no leaders, no catches!

Good people of Mason county realize by experience that we mean every word that our signature appears in. Before the advertisement in which we appeared in the "Price Fighter" was published, we had been in your midst twenty-two years, supposing that during all this time we had come out in an advertisement saying that "we mean this," would you believe it? Would you trust yourself to our mercy? Would you trust one who had often deceived? This is merely a supposition, you understand, for we have no intention of departing from our present method of business. We venture the prediction that in 1920, Providence permitting, we will stand very close to the hearts of the people of Mason county. By that time John I. Winter will have clearly demonstrated that his word is his bond. Another peculiarity of The Price Fighter is that he never asks what the other fellow's price is—he don't care.

The Price Fighter Makes His Own Prices

No, sir; The Price Fighter never makes but one bite at it. He gives you his best price at first, and that price is invariably a record breaker. Surely it should inspire confidence to realize that the price asked you is the taking price—to realize that the price first asked you is the lowest price in the world for the same article. The question with us is, "How cheap can we sell this article?" With others the question is, "How much can we get for this?" What is the greatest price that the customer will pay for this chair? It is your future business that we figure for.

Furniture and Farm Implements!

Our Farm Wagons are the talk of the surrounding country. They are peculiar. They have springs just like a C. and O. freight car. These springs are guaranteed; they prolong the life of a wagon five years; they increase the carrying capacity of a wagon 30 per cent; they equalize all sudden jabs and jolts, remove all strain from your wagon; they are found only on the Florence Wagon that is sold and warranted by John I. Winter. Get all you can for your money. Say, I can save you \$10 on a farm wagon; try me! I have a peculiar idea here. It's different from any other disc harrow. Ought to see it. Costs nothing to look at it. Farmers all say that it's the finest thing in the land. I can save you from \$7 to \$10 on a disc harrow. I would like for you to see our Corn Planters, both one and two-horse. See our Riding and Walking Plows and Cultivators.

The latest impression of The Impartial, one of the most valued Madrid exchanges that reaches THE LEDGER's sanctum, contains this Shanghainly entertaining reference to this cosmopolitan concentration of pig-sticks: "All the world now knows that America tried to bluff Spain by threats which she is unable to fulfill. America, on being called, shows a wretchedly weak hand. Her real strength is exactly known—five ironclads, two fastest cruisers, three unbelieved, her best and most powerful cruisers, and twelve other cruisers. All the rest are theatrical supers."

If it were not for the highfalutin regard to which its eminently Spanish jaseacical contemporary is entitled, THE LEDGER might class The Impartial as The Evening Bulletin of Madrid—in that one keeps up with the procession of events just about as well as the other.

The Court of Appeals Also Sets Down on Henry Wellenhaus.

The Court of Appeals has affirmed Judge Morrow's decision in the case of Henry Wellenhaus vs. Grand Lodge Knights of Pythias of Kentucky.

During the meeting of the Grand Lodge at Somerset several years ago, Wellenhaus, representing a Louisville Lodge, was denied admission because of charges pending against him, one of which was the giving of the password to parties not entitled to it.

He sued for an injunction to stop the proceedings of the Lodge, but before the case was decided the body had adjourned. However, it was decided against him and he took it to the Court of Appeals, which also gave him the hot end of it.

FRANKFORT, Ky., May 3.—Gov. Bradley gave out a statement Monday night to the press regarding publication in substance as follows: "I am overwhelmed with letters from all parts of the state complaining of the delay in mobilizing the state troops. I desire it understood that this is not through any fault of the state authorities, as we have been waiting for several days on orders from Washington, which so far have not been received."

The governor would not venture a prediction as to when mobilization would begin, saying that the matter was altogether in the hands of the federal authorities.

AGUINALDO'S POLICY

Embraces the Independence of the Philippine Islands, the Internal Affairs to Be Controlled Under Foreign Protection.

NEW YORK, May 3.—A copyrighted cablegram from Singapore to the World says: "Upon his arrival at Hong Kong Gen. Aguinaldo, the insurgent leader of the Philippines, will probably be transferred to an American dispatch boat to join Commodore Dewey at Manila. Aguinaldo's policy, after the Philippines have been captured, embraces the independence of the islands, and the internal affairs to be controlled under European and American advisers. The insurgent leader desires protection, temporarily at least, on the same lines as proposed after the Cuban campaign."

The same includes free trade to the world, safeguards enacted against an influx of Chinese aliens, a complete reformation of the corrupt judiciary, under experienced European officials; the entire freedom of the press and public utterance, a general religious toleration, the abolition of all religious fraternities, the church being represented by secular priest-hood, provision for facilities to exploit resources, the building of railways, the removal of the restrictions on enterprise and the investment of capital.

Aguinaldo could undertake the maintenance of public order. Spaniards have committed horrible massacres of defenseless Filipinos. Cebu City was almost entirely destroyed.

Irishmen Congratulate President McKinley.

LONDON, May 3.—The Parliaments members of parliament have sent the following dispatch to President McKinley: "In the name of the people of Ireland, the Parliaments members of the house of commons send you their congratulations on the brilliant victory of the American fleet (Signed), John Redmond."

Key West Cuban Enlistings.

KEY WEST, Fla., May 3.—J. D. Poy, local agent of the Cuban Junta, received a cablegram from the city of Estrada Palma, of New York, to pick and send immediately to Tampa all single Cuban young men in good health who are willing to go to Cuba; also all officers of the Cuban army now here. Several hundred will leave.

"Mad Ben" Gifford Dies for Spain. MADRID, May 3.—The newspapers of this city announced that the death of this city commander had occurred on the defeat of the Spanish fleet at the battle of Manila, agree in saying that Gifford was a brave and gallant man, and to show nothing to shake their confidence in future triumphs of the Spanish army.
